Roadside assistance provides peace-of-mind auto-related emergency services to members whose vehicles are disabled. Emergency services are dispatched via a toll-free emergency dispatch service number, whereby members can call our toll-free customer service number listed on their membership card 24 hours a day to request "dispatch" service, and we will arrange to send help to their disabled vehicle from a participating facility.

Emergency Roadside Assistance

Towing Service

Available through a toll free service number, Vehicle Towing provides members with 15 free miles of point-of-service towing upon vehicle breakdown to a destination of their choice.

Car Won't Start

Our car-starting service is available to members to provide a battery jump and/or minor roadside adjustments to start the car, even if it's in their own driveway.

Out of Fuel

Should an active member run out of fuel, an emergency fuel supply will be delivered to a member immediately. The member only pays for fuel at the current pump price.

Lockout Service

If a member or their spouse lock their keys in the car, or lose their keys, we will make arrangements to get their keys out of the car, or to replace the car lock.

Car Stuck

If a member's vehicle is stuck in a ditch, mud or snow, but is accessible from a normally traveled road, service will be given to tow or winch the vehicle.

Flat Tire

Flat tire repair service replaces a member's flat tire with their spare tire at the point of disablement. In addition, towing will be provided if the tire cannot be changed or a spare is unavailable.

Covered Benefits for Members

New Car Price Quotes

This service removes the salesman from the car buying experience by providing members with price quotes for specific vehicle makes, models, styles, and colors in the comfort of their own homes, and without being up-sold to more expensive models. In addition, our dedicated reps work with banks & finance companies to help members secure new vehicle financing.

Used Car Price Quotes

The Used Car Quotation service provides members with valuable used car analysis on trade-in, dealer, & private party vehicles, including average retail values of used cars based on their year, make, model, equipment and mileage. This information can be used to help make reasonable offers on used car purchases, or to help negotiate better trade-in rates.

Rental Car Discounts

The Rental Car Discount Program provides members with discounts of up to 15% off on pre-booked rental cars using our exclusive rate discount codes at most major rental car companies including National, Alamo, Avis, Budget, Dollar, Hertz, Fox, and Thrifty auto rental agencies, and at all participating locations in the United States, Canada and worldwide.
